

## **CARE OF THE CERAMIC MUGS**

---

**This mug is ceramic and does not contain toxic inks. The printing is by ceramic sublimation.**

**Although it bear the dishwasher (never the industrial dishwasher), it is convenient to wash it by hand, using softly the scourer, without 'scratching' on the printed area. It is preferable to use a sponge.**

**It can be used in the microwave.**

**Never expose to fire or direct sources of heat (gas cookers, induction hob, glass ceramic ...).**

**Enjoy it. Thank you very much :)**
